The meeting was called to order by Dr Tachi Salah Eddine, Head of Geology Department at 9:00 AM. The chairperson welcomed all members and explained the purpose of the meeting.

## 2. Presentation of the Ranking Criteria

Dr Tachi Salah Eddine reviewed the previously published ministerial regulations used to rank students via the **PROGRES** platform. These regulations include the assessment of students' academic performance and their specialty preferences.

## 3. Student Ranking

### a. Intern Students 80% Quota:

The committee reviewed the ranking of 24 students (23 registered on the platform+1 student on site) and decided to allocate them based on their selection of the four available specialties. The allocation was carried out based on students' rankings and their first-choice specialty, provided that the chosen specialty was among those opened. If a specialty was not running this year, students were redirected to their second or third choice.

### b. Extern Students 20% Quota:

The committee reviewed the ranking of 25 students and decided to allocate them based on the selection criteria, the available sits equal to 20% (divided into 10% holders of an LMD bachelor's degree from Annaba University from previous cohorts, 5% holders of an LMD bachelor's degree from outside Annaba University, and 5% holders of an engineering degree) and the available specialties.

The final lists of student allocations (80% and 20%) are attached to these minutes.

## 4. Miscellaneous

No miscellaneous questions were raised.

## 5. Closing of the Meeting

The chairperson adjourned the meeting at 10:40 AM after summarizing the decisions made and outlining the next steps.
